Is your child struggling?
(Academically, socially, emotionally, behaviorally?)

- Everyone has areas of strength and areas that are challenging. We can all use support with our challenges.
- We must teach our kids advocacy. We must role model to them that we all have challenges and finding help is important... starting with you reaching out for support for your child when needed.

---

Do you have questions about how to get support for your child? Or questions about Special Services?

- Please reach out to your child’s teacher, but also know there are parent reps at your school to support you and to help you find resources.

---

What or who is POEMS?

- POEMS is a group of MSD parents who have students with special needs. Your rep has learned about many resources in MSD and wants to help connect parents to appropriate resources and to each other.
- POEMS is putting on a series of "Evenings With the Experts" (for ALL parents) this year.
- Please connect with your school POEMS rep to introduce yourself!

Your POEMS Reps:
